## FLAT

Due to cemetery restrictions, the flat marker has become the most popular grave memorial selection. Flat memorials sit flush with the ground and, depending upon how they are set, can have vases incorporated into them. Each flat marker can be customized through border designs, frosting, font selection and other techniques.

## BEVEL

Beveled markers look similar to flat markers. The difference is that they are 6" in thickness at the back of the stone sloping to 4" in thickness in the front. Bevels are cut to be installed above ground and sometimes are accompanied with a granite base. Some cemeteries prohibit the placement of this type of memorial.

## VASES

Vases can be incorporated into almost any grave memorial. There are a variety of colors, materials and sizes to choose from. For occasions such as holidays, vases make it very convenient to place fresh or silk floral arrangements at the grave.

Galvanized Steel - Brown or Silver	\$ 65
Bronze	\$ 175

Granite, Turned Granite, and Turned Marble Vases are also available in a variety of colors and sizes.

**TABLET AND BASE (UPRIGHT)**

The most traditional grave memorial, the upright stone provides the greatest variety in shape and can be engraved on both sides. Some cemeteries prohibit the placement of this type of memorial.
