In most areas of the country, no state or local law requires you to buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink. Either a burial vault or a grave liner will satisfy these requirements if allowed by the cemetery.

Due to cemetery restrictions, the flat marker has become the most popular grave memorial selection. Flat memorials sit flush with the ground and, depending upon how they are set, can have vases incorporated into them. Each flat marker can be customized through border designs, frosting, font selection and other techniques.
